Great news.... I would like to insert the word "private" in the sentence about Sand A - ..."the original area for Sand A and that **private** water wells within the buffer zone surrounding...." Seems like it is more specific if you are OK with that change.

If that works for you without too much difficulty and I'll start to process the letter.

Thx

charles

Charles,

We have reviewed the draft UEC AE and have no major concerns with the document. Therefore, the next step would be to finalize the document and submit it to us.

Thanks,
